■ **9.1** The number of visitors entering the Yukon by land from January to November 2009 was 359,405, compared to 386,158 for the same time period in 2008. This represents a decrease of 26,753 travellers, or 6.9%.

Comparing November 2009 with November 2008, the following changes occurred:

- The total number of travellers increased by 2,980, or 69.1%.
- Yukon resident travellers decreased by 13, or 1.2%.
- Other Canadian travellers increased by 137, or 182.7%.
- U.S. travellers increased by 2,851, or 91.4%.
- Other foreign travellers increased by 5, or 19.2%.

■ **9.2** Comparing October 2009 with October 2008, the number of aircraft movements in Whitehorse increased by 62 flights, or 4.0%.

On an annual basis for Whitehorse, in 2008 there were 25,920 flights compared to 27,693 in 2007. This represents a decrease of 1,773 flights, or 6.4%, in 2008.

In the other Yukon communities, comparisons between prior months or years should be used with caution because of incomplete data due to inconsistency in the number of days reporting.

Footnotes

1. Population

1.2 'Other' includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.

1.4 Migration estimates are based on both international and interprovincial movement into and out of the Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment

2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.

2.3 "Total" government employment includes the Yukon Liquor Corp. and Yukon Development Corp./Yukon Energy Corp.; excluded are First Nation governments. "Territorial General" government employment includes employees of all Yukon Government departments, as well as employees of the Yukon Workers' Compensation Health & Safety Board, Yukon College, etc. "Territorial Health & Social Services" includes employees at Whitehorse General Hospital, Alexander MacDonald Lodge, Children's Receiving Home and Assessment, Detoxification Centre, group homes, Norman D. Macaulay Lodge, Northern Network of Services, Copper Ridge Place and the Thomson Centre.

2.4 & 2.5 Unclassified employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defense services. Additional employee and earnings data for other NAICS (North American Industrial Classification System) categories are available by contacting the Yukon Bureau of Statistics.

2.6 The number of beneficiaries receiving total income benefits includes other types of benefits than those displayed, but excludes employment insurance claimants receiving employment and support measures benefits.

3. Consumer Prices

3.1 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities. As of the May 2007 CPI release, the weights of various items in the basket of goods and services used to calculate the index have been updated from 2001 to 2005. In addition, the CPI base year (the period for which the value 100 is assigned to the index) has changed from 1992 to 2002. Therefore, data from this and future publications should not be compared with previously released data.

4. Rental Units

4.1 & 4.2 The Yukon Rental Survey covers buildings with four or more units. Rentals with less than four units (such as houses, suites and duplexes) are excluded from the survey.

5. Real Estate

5.1 & 5.2 Rounded data may not sum to totals.

5.2 The 'Family Lots' category does not include the majority of lots purchased by contractors. For further explanation, contact the Yukon Bureau of Statistics.

6. Construction

6.1 Rounded data may not sum to totals. Permits issued in the communities are totalled on a calendar month.

6.3 Rounded data may not sum to totals. Special permits or permits for demolitions may have dollar values of zero. Whitehorse permits are reported for a thirty-day period from the sixteenth of one month to the fifteenth of the following month for which the totals are reported.

7. Resources

7.1 Canadian prices are based on the conversion of US prices using the 'noon' exchange rate at month-end by Bank of Canada. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.

7.4 'Total' includes other types of refined petroleum product sales. Domestic sales are by reporting companies, are exclusive of exports and sales to other reporting companies, and are adjusted for exports and imports by non-reporting companies.

7.4 'Aviation gasoline' includes all gasoline-type fuels for piston-type aircraft engines.

8. Trade

8.4 Bank rate figures are from the last Wednesday of the month.

9. Transportation

9.1 Not included in this table are travellers entering the Yukon from another province or territory, persons entering the Yukon by air, and persons entering the Yukon by water. Conversely, totals include Fraser BC border crossing even though there is the possibility that these persons may never physically enter the Yukon.
